Low

### REACH COMPLIANT

Date of issue

### Sulphited Fish oil and synthetic oils based soft fat liquor.

BOTFAT FOL is suitable fat liquor when we need excellent internal softness and body in leather.

BOTFAT FOL is compatible with vegetable extracts, mineral tanning agents as well all regularly used syntans in crusting process.

It gives good soft, full, crust leather, especially full vegetable or vegetable retanned leathers and controls cracking on double fold.

It improves tensile strength as well stitch tear resistance.

### Application

The recommended quantities of BOTFAT FOL are 2-6 % depending on article being processed.

### Shelf life

The product can be stored in its original packaging between 5°C and 35°C for 8 months.

The information and recommendations given are provided on the basis of our best current knowledge, supported by applied experience and accurate testing. However, this information does not constitute a guarantee or responsibility for product use, which must always be checked and evaluated by each individual client.
