Good

REACH COMPLIANT

Date of issue

Synthetic soft fat liquor with polymeric softeners.

BOTFAT SGL is suitable fat liquor when we need excellent inner softness in leather.

BOTFAT SGL is compatible with vegetable extracts as well all regularly used syntans in crusting process.

It gives good soft, mellow and fluffy leather and better inner softness in combination with other fat liquors

Can be used for garment leathers production.

Application

The recommended quantities of BOTFAT SGL are 2-20 % depending on article being processed.

Shelf life

The product can be stored in its original packaging between 5°C and 35°C for 8 months.
