low

**REACH COMPLIANT**

Date of issue

**Liquid formulated vegetable compact based tanning and retanning agent.**

BOTVEG VAL is suitable for tanning metal free leathers.

It can be used in rechroming chrome leathers, providing fullness and tightness with good colour to resultant crust.

Its use improves buffing properties of leather.

It can replace 10-15% of vegetable offer while making EI/TC type leathers to improve colour.

### **Application**

The recommended quantities of BOTVEG VAL are 2-7 % depending on article being processed.

28-05-2021

### **Shelf life**

The product can be stored in its original packaging between 5°C and 35°C for 8 months.
